The ROI makes installing the system an easy decision. Costa Rica Solar Solutions" service has been excellent - the system and permitting was completed as per the agreement and everything has been running well. The one service issue we had was fixed promptly and Lester got the system back up and running immediately.

A photovoltaic system can take anywhere from 3 to 5 years to pay for itself in Costa Rica, therefore a warranty less than 10 years should be unacceptable. The solar panels themselves should have a reliable warranty of 20 to 25 years, covering degradation (annual decreased efficiency) of no more than 3% a year.
